

PLAR

APPLICATION FORM

If you are seeking equivalency for any of the seven core competency areas through the Prior Learning Assessment and Recognition (PLAR) process, please use this application form to summarize your relevant education and experience.

You need to complete one application form for each competency area and attach it to your Residential Builder Licence application. Please note that all PLAR application forms **must** be accompanied with evidence to support your experience and training. You can find helpful examples of the types of acceptable evidence in the PLAR Self-Assessment guide. It's important to ensure that your PLAR application form is complete. Failure to provide supporting evidence may result in your Residential Builder Licence application being delayed or denied.

Company Name:

Competency Area:

(Please complete one form per competency area)

Nominee Name:

Years of experience directly related to this competency area:

List any education/training that you have completed related to this competency area:
